

BUILDING A BETTER WESTMORELAND.

Economic Growth Connection

LENDING A HELPING HAND

Economic Growth Connection (EGC) is Westmoreland County's lead economic development organization. Throughout the pandemic, we were able to lend a helping hand to our Westmoreland County businesses and non-profit community. EGC facilitated 7 disaster relief funding programs, assisting nearly 700 local businesses with over \$20,000,000. With the support of our membership, we're able to offer so much more!

WHAT WE HAVE TO OFFER

PIDA LOANS

Competitive loan rates for land, construction, M&E

DIVERSITY LOANS

Small business financing for veterans, minorities, women

PARTNERSHIP

Collaboration with banks and government to assist your project

WPPSEF FUNDS

Energy efficiency project funding

WORKFORCE DEVELOPMENT

Initiatives aimed at fostering and preparing the workforce of tomorrow

WE NEED YOUR SUPPORT

Membership in EGC supports a broad range of activities aimed at retaining and growing Westmoreland County's business base. It is long-term investment in the health and sustainability of the County. With your support we are able to facilitate low interest financing options, workforce development opportunities, youth career exploration programs, and revitalization efforts. EGC works in collaboration with our county partners through the Westmoreland County Development Council, other local and regional organization and public officials for the benefit of our County. To pledge your support and become a member visit:
